## Report of the Overseer of the Poor.

---

On February 15th, 1906 there were seven inmates of the Asylum and on February 15, 1907 there were six; Charles P. Mason having died.

Charles F. Maxfield is boarding at the State Almshouse.

All of the inmates of the asylum have been ill at some time during the year so as to require medical attendance. Several of the inmates are aged and infirm which necessitates close attention on the part of the matron Mrs. Leonard.

The appropriation last year for the department was \$1800 and I would recommend that the same amount be appropriated for the coming year.

## Report of the Overseer of the Poor.

---

Report of the Overseer of the Poor for the year ending  
February 15, 1908.

The Overseer of the Poor herewith submits his annual report.

On February 15, 1907 there were six inmates of the asylum; on February 15, 1908 there were five inmates, two having died and one having been admitted during the year.

Levi M. Gardner was admitted Feb. 19, 1907.

Michael McNiff died March 11, 1907.

Mary Gardner died October 24, 1907.

Charles F. Maxfield is boarding at the State Almshouse.

Mr. and Mrs. Albert L. Leonard, as keeper and matron, have efficiently cared for the inmates.

An unusual amount of illness has prevailed, necessitating considerable expense for medical attendance.

The increased cost of maintaining the farm this year was caused by a large diminution of receipts from the farm, including a diminished milk supply and an interrupted sales thereof. Owing to the late Spring which necessitated the replanting of crops and the subsequent unprecedented drought the farm crops were smaller than usual.

The expenditures for the outside department were smaller than those of the preceding year.

The Overseer acknowledges the receipt of a generous supply of confectionary donated to the inmates of the asylum by the Baptist Sunday school at Christmas.

Mrs. W. M. Congdon, in charge of the "travelling library" so-called, also contributed a liberal supply of magazines, papers, etc.

The appropriation for the department last year was \$1800. It is impossible to accurately forecast the needs of the department for the present year, but I recommend an appropriation of \$2000.
